

From *Florida Politics* comes this information about Florida Attorney General Ashley Moody, who has activated a hotline about price gouging amid consumer concerns about sanitizing products. "Consumers may call (866) 9NO-SCAM - (866) 966-7226 - if they suspect prices on goods have been artificially escalated to exploit the scare." According to Moody, the state's price-gouging laws are in effect since Gov. Ron DeSantis declared a state of emergency regarding the COVID-19 virus.
